Play today at **North Berwick (tbc)**. Like St Andrews, this links starts and finishes in town. Golf was played in the area since at least 1672 but the club was formed in 1832 making it the thirteenth oldest in the game. It came to be in the same way as so many of the early clubs -- in stages. First it was a 6-hole layout, then a 7, then a 10 which included the famous Redan hole, then in 1877 a full 18. A renovation lengthened the course in 1895 then again in 1932. The course is a delight for many reasons not the least of which is how you are challenged by stonewalls, deep bunkers, the usual humps, hollows and burns without having to fight brutal rough. The course is normally set up to play in around 3 hours so the rough is kept playable.

Golf today on **Muirfield (tbc)**, home to The Honourable Company of Edinburgh Golfers, is among the most treasured in the game. Formed in 1744, is the world's oldest documented golf club. It is where the original Rules of Golf were written. It has hosted The Open on more than a dozen occasions. Old Tom Morris redesigned it in 1891 as a 16-hole layout followed by the addition of two more holes several months later. In 1928, Harry S. Colt and Tim Simpson made alterations that are credited with making this the masterpiece it is today. Most courses of the day were routed nine holes out and nine back. Not Muirfield. Its outward nine runs clockwise around the perimeter of the property while the inward nine runs counter-clockwise inside the outward. This utterly unique layout produces play into constantly changing wind conditions. Please note strict handicap limits are set by the club. Men & Ladies 18.

Lunch in the clubhouse is included.

Play today at **Prestwick (tbc)**. Only the Old Course has hosted The Open more often than Prestwick, the last of 24 played here was in 1925. Eleven of the first twelve Opens were played on Old Tom Morris's twelve-hole layout beginning in 1860. Six holes were added in 1883. One of the club's great strengths is variety. There are blind shots. Uphill holes and those that play downhill and sidehill. Greens in hollows and plateau greens. Driveable par fours and those you'll be delighted to reach in two. Perhaps most famous is the Alps the 394-yard 17th. The narrow fairway runs straight up a steep sandhill which hides a generous green guarded in front by the notorious Sahara bunker framed with revetted sod and railroad ties interrupted only by wooden steps to allow you in and out.

Friday, June 7

Play the **Ailsa Course (tbc)** at Turnberry. You can't rush perfection, Turnberry's Ailsa Course is proof. It was established in 1902, modified in 1906, modified again in 1909, redesigned in 1938 then nearly disappeared after the Second World War when it was converted into an airbase with several holes flattened into concrete runways. It was restored and reopened in 1951 as one of Scotland's finest links to the extent it hosted The Open for the first time in 1977 when Tom Watson's 65-65 weekend beat Jack Nicklaus' 65-66. MacKenzie & Ebert made extensive alterations before The Open in 2009 then Ebert returned for a major update in 2015. The result is spectacular, particularly but by no means limited to holes 9-11 that play across and along the bay atop rock outcrops on the left; dunes, pot bunkers and high fescue on the right. The club's famous lighthouse includes an incredible two-bedroom suite and one of the most memorable halfway houses in golf.
