Your stay at Jock includes all meals and snacks along with drinks on your safari drives.

The golf courses in this region of South Africa are stunning and diverse. **Fancourt - The Links** was created on flat land where almost a million cubic yards of earth were moved to transform it into a links style layout. The Links has played host to the 2003 Presidents Cup, 2005 Women's World Cup and 2006 South African Open.

Pinnacle Point is a majestic course set atop staggering cliffs, rivaling Cabot Cliffs and Cape Kidnappers for the best panoramic views in golf, offering risk / reward opportunities throughout. **The Montagu Course at Fancourt** was designed by Gary Player and remodeled in 2004 by David McLay Kidd (Bandon Dunes, The Castle Course St Andrews). The Montagu is South Africa's #6 and its best parkland golf course.

Steenberg Country Club is a modern course built around the edges of one of the oldest wine farms in the country. **Pearl Valley** is a Jack Nicklaus Signature course, featuring wide fairways guarded by abundant water hazards and bunkers. The course and its geographical location enables guests to enjoy a day outing in the Winelands with high quality golf to compliment the food and wine. Finally, **Leopard Creek** is an unforgettable golf experience, adjacent to Kruger National Park.

If you enjoy combining your love of golf with a passion for travel, you'll find a relaxing and highly rewarding experience on this Escorted Tour for a party of 24 - 30. Magnificently perched atop staggering cliffs, this windswept course three hours east of Cape Town and a half hour south of George marks a major addition to South Africa's already world-class golf scene. Six of the holes play across deep chasms to greens that seem to float in the Indian Ocean. The yawning ravines and distant horizons can make 150-yard shots look like twice that length. On the par-four eighth, tee and green sit on opposing bluffs; big hitters can attempt an all-or-nothing carry with the hope of having an easy wedge in or play it safe by bailing out left and facing a much longer approach. (Cart fee included)

SIGHTSEEING: Non-Golfers will travel to Pinnacle Point with the golfers where you can explore the cave complex underneath this clifftop golf course. This guided tour of The Pinnacle Point Caves in Mossel Bay has revealed the world's earliest evidence of modern man dating back 164,000 years ago. Discoveries in the system of 15 or more caves has been described as a huge step for mankind going back in history, as it was previously believed man's complex thinking and behavior dated back to 40,000 years ago in Eurasia. Findings from the caves have been featured in the prestigious Science and Nature journals, and it is now one of the most well-funded archaeological sites in the world.

After lunch in the club you will have a chance to tour some local museums before returning to Fancourt.
